

Summer of STEM 2018 Game Plan

March 19, 2018

Goals 2500+ diverse, low-income Greater Cincinnati students served as a direct result of GCSC support
450+ family members are more equipped to play *the starring role* to support their students in STEM
150+ educators expand their skills and experience leading hand-on, engaging student STEM learning
35+ partners lead high-quality, hands-on, enriching summer camps with GCSC resources and support

Programs

Greenlight for Girls Day @ Cincinnati Sponsored by P&G and hosted at University of Cincinnati (UC) with support from a wide variety of other partners and volunteers.

GCSC Summer STEM Camps Developed and funded by GCSC. Hosted and led by partners across the region: K-12 teachers YMCA's, Cincinnati Recreation Centers, Boys & Girls Clubs, and more.

End-of-Summer STEM / Design / Making Fairs for students, families, and communities.

Prototype **new ways for families to support their students in STEM** as part of summer camps and end-of-summer fairs.

Other Summer STEM Programs run by GCSC partners NKU CINSAM, UC colleges, iSPACE, Girl Scouts, Cincinnati Observatory, Rosie's Girls, and many more.

STEM Conference 2018 hosted @ Northern Kentucky University.

Resources

Online Student STEM Portal - Help students connect with the STEM information they want and other STEM-engaged students. Builds on Summer of STEM 2017 resource investments: the student STEM passport and "what information do high school students want" research.

STEM-STEAM Lab Teachers Professional Learning Community – Launch a new cohort of K-12 teachers to advance their skills, experience, and confidence leading engaged, hands-on student making and learning.
