

Summer of STEM Festival Exhibitors

What is the Summer of STEM Festival?

The End of Summer/Back to School STEM Festival is hosted by the Greater Cincinnati STEM Collaborative (GCSC) and brings together community partners to create a fun-filled, educational day of STE(A)M experiences for families! Families are able to visit with exhibitors, learn more about STE(A)M career opportunities, watch performances, play carnival games, and enjoy quality time with one another at Washington Park.

Interested in being an exhibitor?

We are looking for community partners to exhibit at this year's festival! Join [Cincinnati Museum Center](#), [Cincinnati State Technical and Community College](#), [Kroger Technology](#), [The Public Library of Cincinnati and Hamilton County](#), [The University of Cincinnati](#), and many more to show students STE(A)M opportunities they can pursue. The event will take place on August 24th, from 9:00 am - 2:00 pm, in Washington Park in downtown Cincinnati. We are looking for exhibitors that will bring energy, fun, and a whole lot of STE(A)M to the festival.

What does an exhibitor do?

An exhibitor will occupy a "booth" at the showcase from 9:00am-2:00pm to provide information and fun activities to students and families about how your organization relates to STE(A)M.

We want our exhibitor booths to be engaging for all members of the family and help them understand more about STE(A)M. Hands-on booths where everyone can be involved are the best and most memorable, and take-aways are great! If you want to have a booth but need help thinking through how to make it more engaging we will be happy to help!

Please note that this event is held outdoors and access to power is limited.

**Saturday, August 24th
9am-2pm**

**Washington Park
1230 Elm Street
Cincinnati, Ohio 45202**

How do I sign up?

If you would like to exhibit at this year's Summer of STEM Festival, please follow [this link](#) to register your organization!

From here, we will reserve your spot and send you any additional information you may need.

Interested in volunteering as an individual for the event? Sign up [here](#)!

If you would like more information, please contact **the Greater Cincinnati STEM Collaborative** at gscstemed@gmail.com.
